

Make A Difference

This Holiday Season

You can now purchase the same Christmas tree and other holiday items you purchase year after year while raising money for our church. Proceeds from your order will go directly to benefit Saint James Youth Ministry.

NOBLE FIR

The Noble Fir is by far the most popular Christmas tree in So. California. The reason for the Nobles popularity is that it stays fresher longer in the home because of its ability to retain water longer. It is also easier to decorate because of the spacing between the branches.

DOUGLAS FIR

Still a very popular Christmas tree in So. California, the Douglas Fir are a relatively full tree with dark or blue green needles. The Douglas Fir is light in weight, yet can support ornaments in the inner part of the branches. This tree has great needle retention.

MIXED WREATH

Traditional Mixed Wreath with Pine Cones
12" ID 24" OD (bow not included)
